15 Month Faith Based  
Drug and Alcohol Program

## PROGRAM BROCHURE

## WHAT IS TEEN CHALLENGE?

Teen Challenge is a 15 month Christian residential drug and alcohol recovery program for men and women 18 years and older. There are eight centers across the New England states and New Jersey. The program has a strong faith-based approach and offers spiritual, academic, and vocational training that equips individuals to return to society as responsible citizens.

A large number of our graduates have experienced complete recovery from drug and alcohol addiction. They have told us the key to their success was developing a relationship with God and putting into practice all that they had learned while in the 15 month program. We believe that God has a great purpose for everyone and we're thankful for every opportunity to help everyone discover their purpose – and live it to the very fullest.

## MISSION STATEMENT

Teen Challenge New England & New Jersey provides adults and families with an effective and comprehensive Christian faith-based solution to drug, alcohol, and other life-controlling problems.

## PROGRAM STRUCTURE

The residential component of Teen Challenge is a five-phase, 15-month minimum Christian discipline program. Each phase of the program has a purpose with certain goals set for the student to achieve as they progress, and a customized curriculum, with biblical and life changing principles, which each student must complete before graduating the program.

We believe that through character quality studies, scripture memorization, biblical application and self-examination, our students can experience a changed life. It is our mission that every student who graduates our program leaves with a GED or HiSet diploma. We offer Aftercare Planning and Development with five different track options to help our student's transition back into society with success. We recommend one of the five following exit plans for higher rates of success: college, trade schools, employment and careers, ministry and missions, or TCNE & NJ Apprentice program (optional six months geared towards one specific field of learning).

## PROGRAM STRUCTURE

### 15 MONTH PROGRAM

<b>ORIENTATION/ PHASE 1</b> (3 Month Min.)	To introduce the student to the curriculum and become accustomed to the rules of the program
<b>PHASE 2</b> (3 Month Min.)	To establish the student in the foundations of the Christian faith, and to begin the discipleship process.
<b>PHASE 3</b> (3 Month Min.)	To give the maturing student further practical opportunities to use the biblical principles taught in Phase 2 in a less structured environment.
<b>PHASE 4</b> (3 Month Min.)	To give the mature student an atmosphere of minimal supervision where they can continue to apply the principles learned in Phase 3 while assisting staff in their duties.
<b>PHASE 5</b> (3 Month Min.)	To make the transition from student to graduate and implement the Aftercare Plan.
<b>APPRENTICESHIP</b> (6 Months)	To further the development of the graduate, by allowing them to work under staff and learn specific skills that will help them with future employment.
