# County-Wide Preliminary Data

---

**1/1/25 – 7/31/25**

# Type of Incident: 1/1/25 – 7/31/25

Kelley Research Associates

There were a total of **580 incidents (OD incidents, At-Risk Referrals, and Behavioral Health incidents)** recorded in Plymouth County between 1/1/25 and 7/31/25: **30 (5%) involved a fatal overdose; 261 (45%) involved a non-fatal overdose; 245 (42%)** were categorized as an “at-risk” individual, and **44 (8%) involved Behavioral Health incidents.**

August 6, 2025

# Fatal Incident Monthly Trend

Kelley Research Associates

There was on average 4.3 fatal ODs per month, or 30 total, in the County between 1/1/25 and 7/31/25. This is a 36% decrease over the 2024 monthly average of 6.7 or 47 total, for the same time frame.

August 6, 2025

# Non-Fatal Incident Monthly Trend

Kelley Research Associates

There was on average 37.3 non-fatal ODs per month, or 261 total, in the County between 1/1/25 and 7/31/25. This is a 12% decrease over the 2024 monthly average of 42.1 or 295 total, for the same time frame.

August 6, 2025

# At-Risk Monthly Trend

Kelley Research Associates

There was on average **35 At-Risk entries per month, or 245 total**, in the County between 1/1/25 and 7/31/25. This is a **16% decrease** over the 2024 monthly average of 41.7 or 292 total, for the same time frame. Of note, 78% (190) of the at-risk entries during this time frame are related to individuals with alcohol use disorder.

August 6, 2025

# Incident vs. Resident Town: 1/1/25 – 7/31/25

Kelley Research Associates

Analyzing just the 291 overdose incidents, **226 (78%)** of the OD incidents between 1/1/25 and 7/31/25 occurred in same town that the person lived in. However, in **65 (22%)** of the incidents the person was from a different town than where the incident occurred.

# Naloxone "Saves": 1/1/25 – 7/31/25

## Thirty-eight percent

(68) of these incidents involved Naloxone being administered by a 3<sup>rd</sup> party family/friend prior to first responders arriving.

Kelley Research Associates

Again, analyzing just the 291 overdose incidents, Naloxone was administered in **178 (61%)** of the reported OD incidents. **Ninety-one percent (162)** of these events were non-fatal, while **9% (16)** of these overdoses resulted in a fatality.

# Follow-Up Contact Data: 1/1/25 – 7/31/25

Kelley Research Associates

- **955** attempted Follow-up Contacts
- **43% (408)** were successful in having contact with either the individual who overdosed, a family/friend, or both.

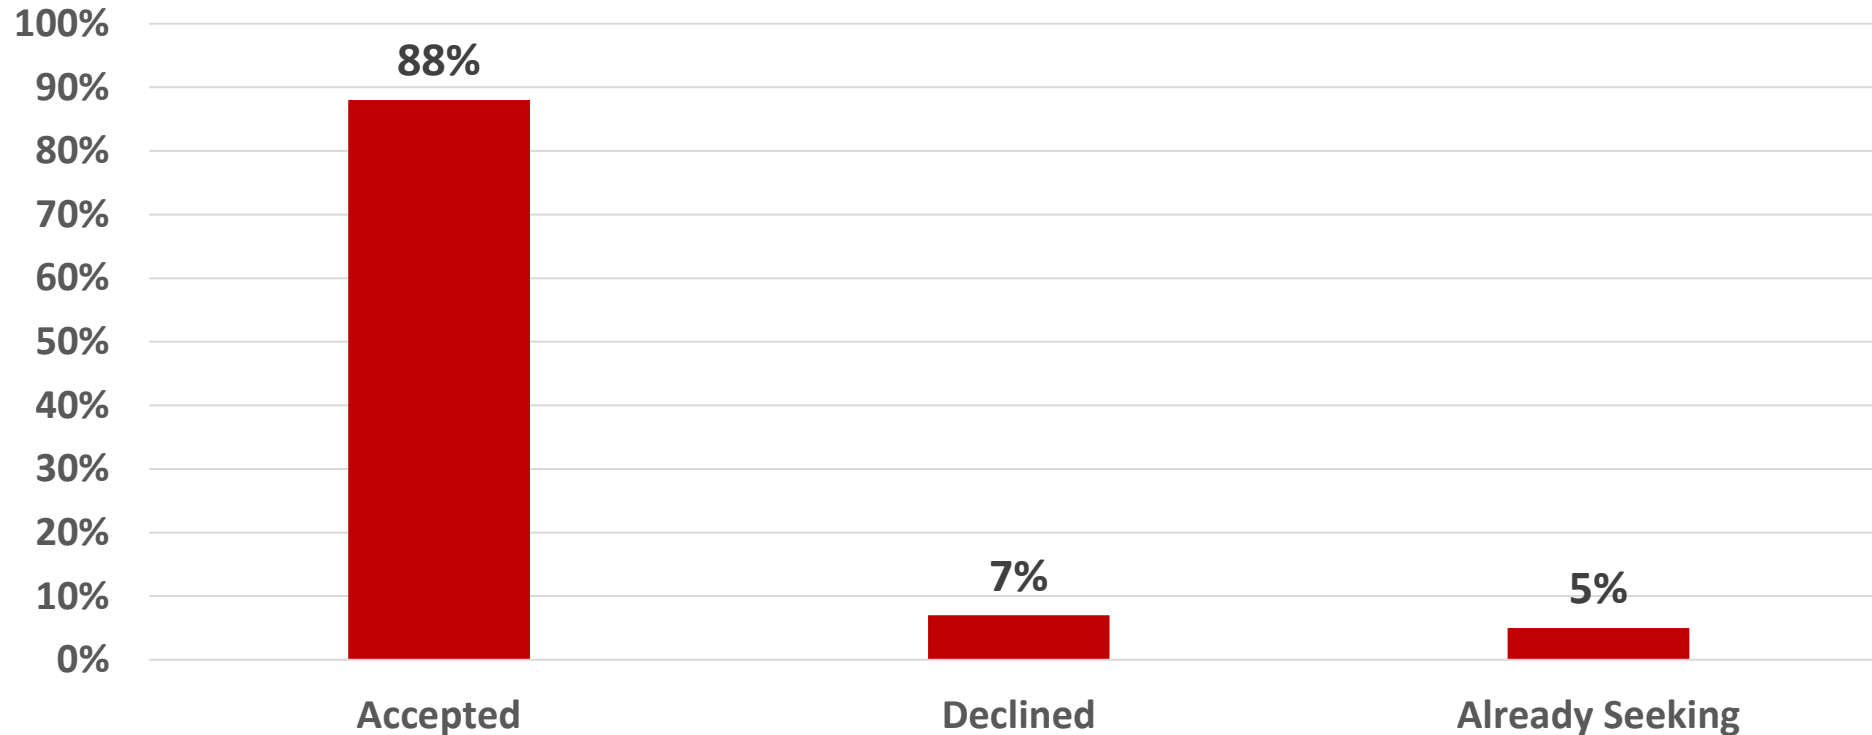

**Seventy-seven percent (312)** of the successful follow-up contacts (408) resulted in contact with the individual that had overdosed or was referred, **21% (86)** resulted in contact with Family/Friends, and **2% (10)** resulted in contact with both the individual and family/friends.

# Successful Client Contact Outcomes

## 1/1/25 – 7/31/25

Kelley Research Associates

Of the 322 successful contacts with the person that overdosed or was referred (Individual Only and Both): **88% (282)** resulted in the individual accepting information/resources from the outreach team; **7% (24)** declined the offer of information/resources; and **5% (16)** of individuals were already seeking services.

August 6, 2025

# Tier 2 Follow-Up Analysis

---

# Tier 2: Follow-Up Contact Data

## 1/1/25 – 7/31/25

Kelley Research Associates

- **356** attempted outreach visits (in-person, phone, electronic, other)
- **52% (186)** were successful in having contact with either the Tier 2 client, a family/friend, or both.

**Ninety-six percent (179)** of the successful follow-up visits (186) resulted in contact with the Tier 2 client, **4% (7)** resulted in contact with Family/Friends, and **0% (0)** resulted in contact with both the Tier 2 client and family/friends.

# Tier 2: Successful Contact Outcomes

## 1/1/25 – 7/31/25

Kelley Research Associates

Of the 179 successful contacts with the Tier 2 client (Individual Only and Both): **99% (178)** resulted in the individual accepting information/resources from the outreach team; **0% (0)** declined the offer of information/resources; and **1% (1)** of individuals were already seeking services.

# Hospitality Center Update

---

# Hospitality Center Contacts

Kelley Research Associates

There was on average 17.7 hospitality center contacts, or 124 total between 1/1/25 and 7/31/25. Eighty-seven percent (108) were recorded as Hospitality contacts (i.e. not a prior PCO client) and 13% (16) were Tier-2 client contacts. Of note, 72% (89) of these contacts took place in Brockton during PCO outreach efforts at that location, while 23% (29) took place at the Hospitality Center in Kingston, and 2% (3) took place in Middleboro. The remaining three visits did not have a location specified in the record.

August 6, 2025

# Hospitality Center Services Requested

## □ Hospitality Center service requests included:

❖ Housing Assistance	32 (26%)
❖ ID/S.S./Birth Cert. Help	29 (23%)
❖ Recovery Coach Support	26 (21%)
❖ Social Visit	24 (19%)
❖ Basic Needs	18 (15%)
❖ Treatment Referrals (Detox, Inpatient, Outpatient)	18 (15%)
❖ Mental Health/Medical Needs	10 (8%)
❖ Peer Support Groups	6 (5%)
❖ Referrals to Other Programs	5 (4%)
❖ Sober Living	5 (4%)
❖ Other Services	27 (22%)
❖ This data can add to more than 100% since more than one service can be requested at each visit	

# Hospitality Center Supply Distribution

---

- In addition to the 124 hospitality center contacts requesting services, another 24 visits involved PCO partner agencies or community members dropping in at the Kingston location to receive supplies.
- Supplies provided between 1/1/25 and 7/31/25 include:
  - 443 boxes of Naloxone
  - 82 Harm Reduction Kits (each has one box of Naloxone in it as well as other supplies)
  - 1 Basic Needs Bags
